**Docket No. PHMSA-2011-0023**

**CORRECTION TO PETITION FOR RECONSIDERATION**

On December 15, 2021, the GPA Midstream Association (GPA) and American Petroleum Institute (API) filed a Petition for Reconsideration (Petition) of the Final Rule in the above-captioned proceeding. GPA and API respectfully request that the Pipeline and Hazardous Materials Safety Administration (PHMSA) disregard the third sentence in the fourth bullet on page 8 of the Petition. That sentence does not accurately summarize the discussion in Section IV(B)(6)(b) of the Petition or the proposed revisions to the requirements for Type C lines in 49 C.F.R. § 192.9 in Appendix A. GPA and API regret any confusion caused by the error and appreciate PHMSA's consideration of this correction.

Respectfully Submitted,

---

Matthew Hite  
Vice President of Government Affairs  
GPA Midstream Association
